

Puppy Health Plan

We are pleased to offer our Puppy Health Plan to help your new puppy get the best possible start in life.

Our Puppy Health Plan will provide:

- All required vaccinations
- Microchip implantation if required
- Worming treatments to six months
- Flea/tick treatments if required to six months
- Consultation with the Nursing Team at four, five and six months
- 10% off routine neutering.

During the consultations at four, five and six months, your puppy will receive a check up, be weighed to ensure they are receiving the correct worm treatment and advice on feeding, behaviour, training and socialisation.

The Puppy Health Plan cost:

- £120, payable in £40 instalments at the first and third vaccine and the final instalment at the five-month check-up.
- OR a one-off payment of £100 at the first vaccination.

For further details, please ask a member of staff.
